## IHSAA Student-Athlete Tip of the Week (11-5-18)

### "Promoting education based athletics in Indiana"

Longtime professional golfer Fred Couples was quoted in Golf Digest about the opportunities golf has afforded him. It's a great perspective from a man who is very successful and appreciative. And even if you have never heard of him, his message is worth remembering.

"Even if you aren't having an extra good-bad day, always count your blessings. Be thankful you're able to be out on a beautiful course; most people in the world don't have that opportunity." Why not make the most of every day and make it enjoyable?

Being a high school student-athlete is truly a privilege and a great opportunity. Whether you are a star, starter, or substitute, be thankful for the moments of playing and participating in your sport every day.

Before you know it you will be a graduating senior and your time will be gone, but hopefully the experience will never be forgotten!
